

100th Anniversary Commemorative Event in UEC
30th Anniversary Commemorative of the Workshop on
“Investigation and Control of Transition to Turbulence”

61st Workshop on “Investigation and Control of Transition to Turbulence” in UEC

September 20th – 23rd, 2017

Venue: Building E4, Room No.802, The University of Electro-Communications
Chofugaoka 1-5-1, Chofu, Tokyo, Japan

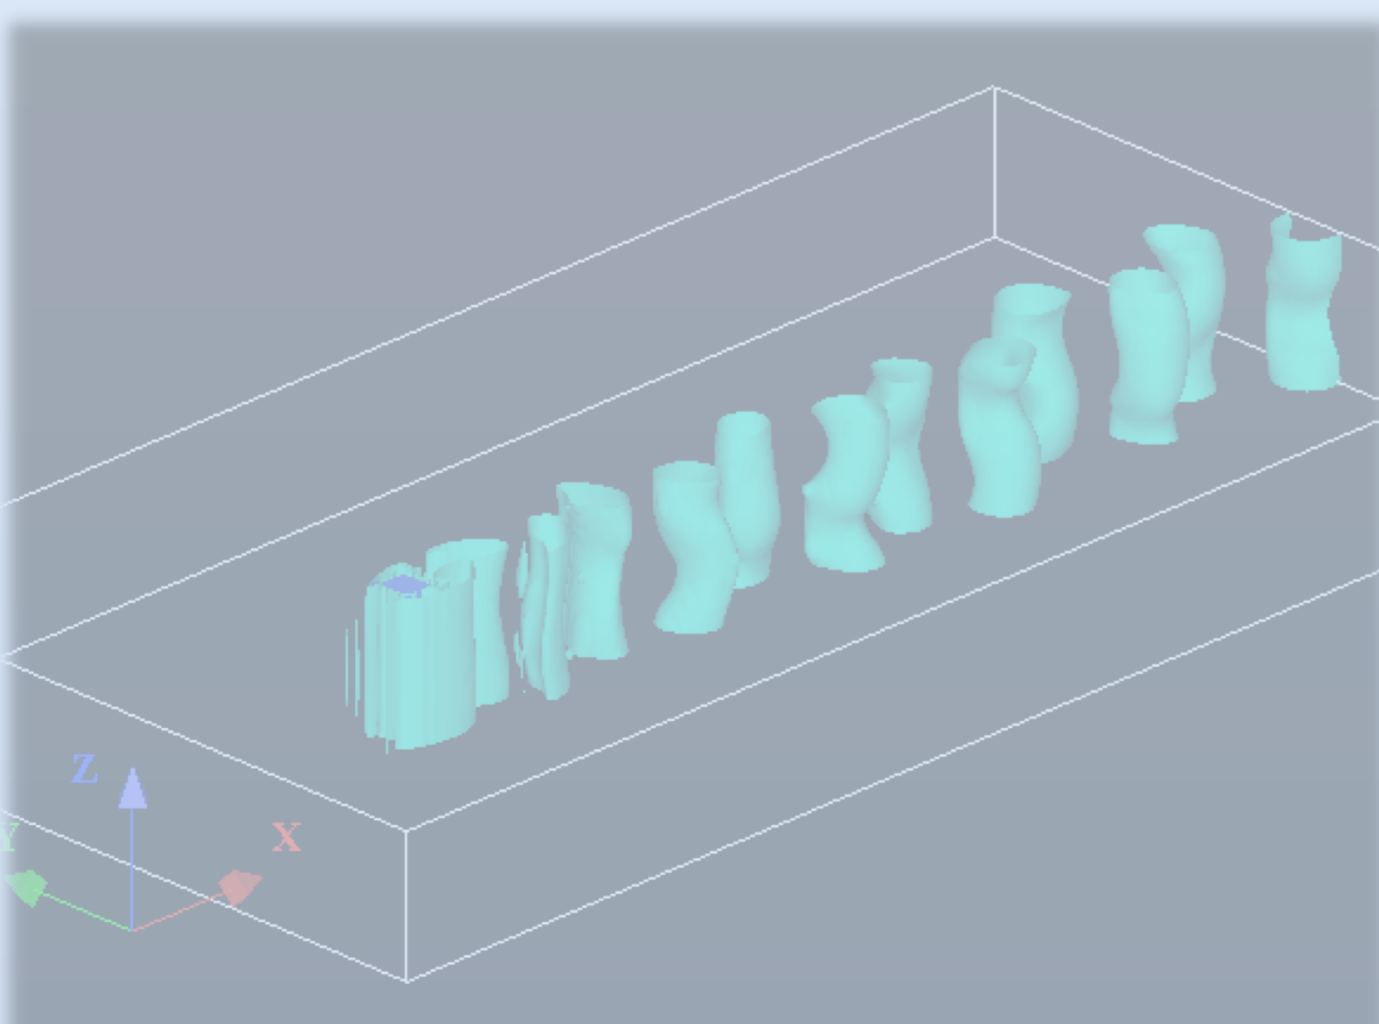

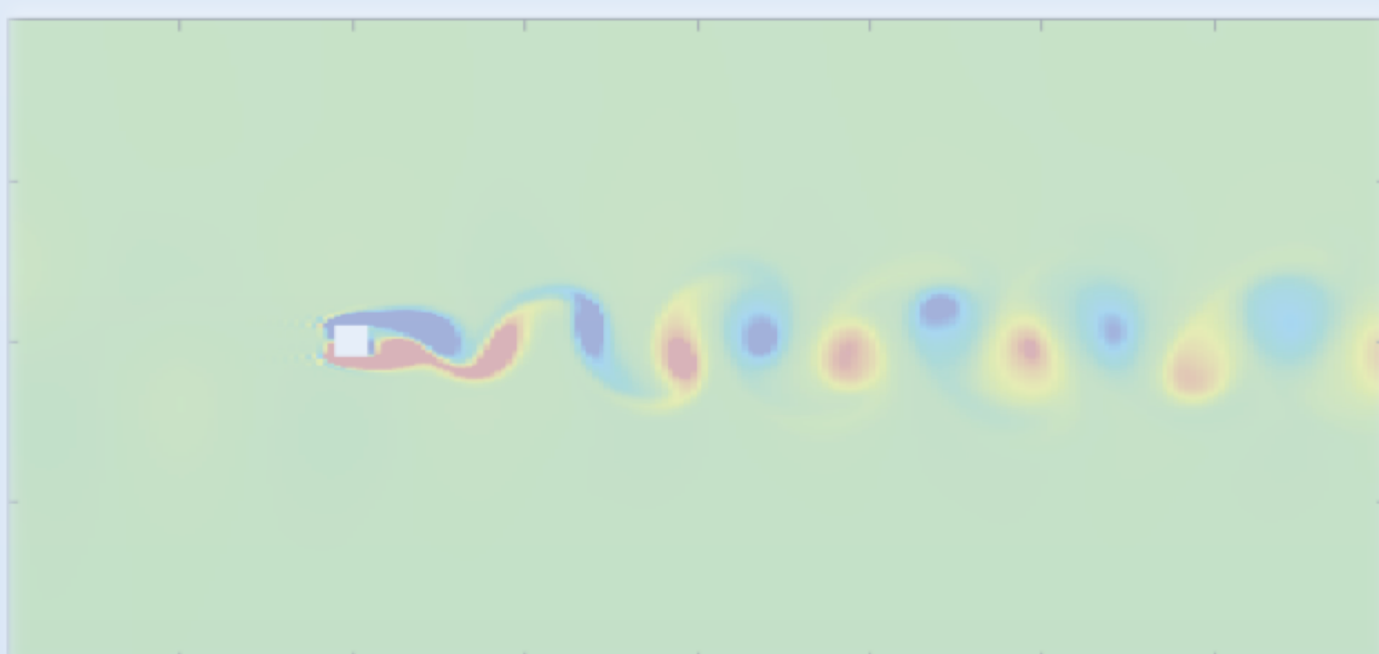

Issues: **Transition to Turbulence** of flows(Channel, Pipe, Boundary Layer, etc.)
Flow Instability/Stability, Flow around Obstacles, Heat transfer, etc.

Invited Speakers:

Prof. Jens Fransson (KTH, Sweden)
Dr. Ramis Örlü (KTH, Sweden)
Prof. Tamar Zaki (Johns Hopkins Univ., U.S.)
Dr. Mohammed Hossain (Western Univ., Canada)
Emer. Prof. Michio Nishioka (Osaka Pref. Univ., Japan)

Supported by:

The University of Electro-Communications (Research Support Program)
KAKENHI (Grant-in-Aid for Scientific Research (C)) No. JP17K06147

Organization Committee:

Yohei Inoue (Univ. Elec. Comm.)
Hiroshi Maekawa (Univ. Elec. Comm.)
Takeshi Miyazaki (Univ. Elec. Comm.)
Masaharu Matsubara (Shinshu Univ.)
Ayumu Inasawa (Tokyo Met. Univ.)
Yuji Tasaka (Hokkaido Univ.)
Nobumasa Sekishita (Toyohashi Univ. Tech.)
